TERMS OF SALE

1. All bids are per lot as numbered in the catalogue and all items are sold as per lot. No lots are sold out of numerical order. The right is reserved to withdraw any lot prior to sale, or to group two or more lots. No lots will be

broken up.

2. The highest bidder will prevail. Lots are sold at a slight advance over the next highest bid. The auctioneer will regulate the bidding, and reserves the right to refuse any bid not believed to be in good faith. Should any dispute arise between bidders, the decision of the auctioneer, in the exercise of his judgement as to the successful bidder, will be final, and the auctioneer may re-offer or resell the lot under dispute. Title will be retained by Harmer, Rooke Numismatists, Ltd., until lots are paid for in full.

3. Auction sales are strictly for cash, and must be paid for promptly in U.S. funds. $1\frac{1}{2}\%$ per month will be added to all bills delinquent after 1 month

from date of sale.

4. Floor bidders must identify themselves to the auctioneer immediately following the purchase of each lot. Payment of the whole purchase price, or such part as the auctioneer may require, will be made by the buyer in such manner as the auctioneer may determine. Personal checks may be accepted,

subject to collection.

- 5. Mail bidders unknown to us must furnish satisfactory references, or remit a deposit of 25% of the total of bids. There is no charge for executing mail bids. In the case of equal bids, the earlier bidder will prevail. Successful mail bidders will be notified of the lots allocated to them, and must forward payment before the lots are sent. Those known to us, or who furnish satisfactory references, may, at our option, have their purchases forwarded for immediate payment. Delivery of lots will be to addresses indicated on bid sheets.
- 6. All lots are guaranteed to be genuine and as described. No lots may be returned by mail bidders without our written permission. All claims must be made in writing within 5 days after receipt of goods. We reserve the right to decide on all claims. Lots sold to floor bidders are not returnable.

7. Forwarding charges, insurance, &/or registry fees will be borne by the purchaser. The N. Y. State Sales Tax as applicable, is payable by all buyers

liable to tax.

8. Unlimited or "buy" bids cannot be accepted.

9. The placing of a bid will constitute acceptance of the foregoing terms of sale.

10. We cannot be responsible for any errors on the part of bidders. Please be careful.

11. No consignors, nor their agents, will be permitted to bid on their own material.

AN AUCTION SALE IS NOT AN APPROVAL SALE.

EXHIBITION

Lots may be viewed at our premises (3 E. 57th St.) on the following days: Monday to Friday, 10 A. M. to 5 P. M. Weeks of March 8th, 15th and 22nd not including day of Sale.

Tiffany, Bonwit, Bergdorf-Goodman, Van Cleef and Arpels—all are magic names in the 57th Street area. And now, another jewel has been added!

We take the greatest pride in announcing the opening of our new head-quarters at 3 East 57th Street, permanent home for Harmer, Rooke Stamps and Coins. Here, in more than 12,000 square feet, will be our new Retail Store, where, amid luxurious and comfortable surroundings, one can acquire the world's greatest philatelic and numismatic gems, as well as far more popularly priced items. Additionally, we shall be offering artifacts from the ancient word, both museum pieces and objects which anyone can afford to grace his home.

Our Galleries will continue to show the world's great rarities for your pleasure and education, and our auction rooms will be as busy as ever, but in much more comfortable and roomy quarters.

Expansion of facilities also means expansion of personnel, the better to serve you. Once again, we are proud to announce that Bill Selfridge and Harvey Hoffer of Kay Coin Service have joined Stanley Weiner as the newest additions to Harmer, Rooke's already knowledgeable staff.

Stan Weiner (The Gold Merchant) has probably handled more of this precious commodity than most people have ever seen. In addition to volume gold, Stan is an expert on rarities, and is particularly adept at authentication. If gold is your bag, Stan is your man.

Harvey Hoffer is one of New York's leading dealers in Ancient coins, and has been for almost 30 years. Besides the prosaic business of buying and selling, Harv has been involved in attribution and classification of choice ancients for collectors, dealers, auctions and museums. His personal interest as a collector is the Emperor Hadrian (117-138 AD) and it would be difficult, if not impossible to show him a Hadrian specimen that he either does not own, or has not seen.

Bill Selfridge hardly needs an introduction, being well-known to collectors and dealers the world over. Bill has still found time to write many articles, teach numismatics, lecture, and be a coin consultant to several foreign governments, in addition to working with some of the better-known museums on coins and antiquities. A few summers ago, his address on Forgeries was one of the high-lights of the First International Congress for Study and Defense Against Forgeries in Paris.

Harmer, Rooke's numismatic staff also includes Leon Dardarian, specialist on ancient coins and antiquities, Louis Karvay, whose domain is minor foreign, crowns and medals, and of course, Joe Rose, who has handled perhaps everything pertaining to coins in his quarter century in the field, all ably assisted by Connie Esevbar, our "Gal Friday". We feel condident we can assist in ANY branch of the hobby, having a staff which boasts more than 100 years combined experience in all phases of the hobby, from the commonest United States coin on through to the rarest and covering ancient, medieval, and modern foreign in all metals.

Target date for the opening of the new store is the middle of February, 1971. Mail addressed to us at either the 604 Fifth Avenue, or the new 3 East 57th Street addresses will be delivered to us. May we extend our heartiest invitation to all our out-of-town and local friends to drop in on us when in New York.

THE AUTHORITATIVE GUIDE THAT COIN COLLECTORS & DEALERS HAVE BEEN WAITING FOR!

The Premiere Edition of THE COMPREHENSIVE CATALOGUE and ENCYCLOPEDIA of U.S. COINS

Prepared and Edited by Don Taxay

To be published annually by Harmer, Rooke Publications, Inc.

MORE THAN JUST A PRICE CATALOGUE! . . . OVER 400 LARGE-SIZE PAGES OF DESCRIPTIVE, ILLUSTRATIVE and PRICING INFORMATION! . . . A TRULY MONUMENTAL, HARD COVERED WORK BASED ON YEARS OF RESEARCH BY NUMISMATIC AUTHORITIES SPECIALIZING IN EVERY FIELD OF U.S. COINAGE! . . . NEVER BEFORE HAS DATA OF SUCH SCOPE, DEPTH & ACCURACY BEEN COMPILED EITHER IN ONE VOLUME OR IN A COMPLETE LIBRARY ON U.S. NUMISMATICS!

... and, IF THIS ISN'T ENOUGH, HERE ARE 7 MORE GOOD REASONS WHY YOU CAN'T AFFORD TO BE WITHOUT THIS WORK:

- 1. UNIQUE COMPREHENSIVENESS!
 Every U.S., Colonial, and Pioneer gold type coin and essay is listed and illustrated, along with important historical notes on the various issues and varieties. Dozens of coins and essays unlisted in other catalogues are included. In fact, one section alone, contains more essays than the whole of the Judd book on that subject!
 - NEW RARITY RATINGS and OLD ONES CORRECTED!

 Wherever significant, rarity ratings are given throughout the book. Moreover, a great many rarity ratings that are now in use have been corrected.
- 3. RARE ITEMS PEDIGREED!

 Excessively rare coins and patterns, in every series, are classified by pedigree as to the exact number known.
- 4. CONDITION VIS-A-VIS AVAILABILITY!
 Indication is made wherever a U. S. issue is either very rare or unavailable above a particular condition. Gradations of availability, based on condition, are given, thus saving the discriminating collector endless hours of futile searching after non-existent coins.
- 5. SPECULATIVE PRICES HIGHLIGHTED!
 Wherever sales records are considered of dubious value, or are otherwise speculative, they are italicized for emphasis.
- 6. BASIC REORGANIZATION OF MATERIAL!

 Not only individual coins, but whole series', have been redescribed and reclassified. The average collector need no longer be misled by the "oversimplification" of popular coin catalogues and fast & loose merchandising descriptions.
- 7. MINT ERRORS CLASSIFIED!
 In a bonus section, mint errors have been classified by regular types, thus creating a new bonafide collectable series.

Of primary importance to the numismatic world is the fact that this volume will establish a uniform numbering system for all U.S. coins. In this first edition every coin, with the exception of regular issues, has been numbered. Subsequent editions will number regular issues as well. The establishment of a uniform numbering system will add the uniformity, coherence and stability to American numismatics which has existed in philately for decades, and give renewed impetus and stature to coin collecting.

NO COIN DEALER! . . . NO COIN COLLECTOR! . . . CAN AFFORD TO BE WITHOUT
